

Stakeholder Liaison Group

Meeting 13th July 2023

Stakeholder Liaison Group Agenda

1	Welcome from Environment Agency and Partners	10 mins
2	Brief review of updated Terms of Reference	10 mins
3	An update from Kier	15 mins
4	Questions	15 mins
5	Next Steps	5 mins

Stakeholder Liaison - Terms of Reference

Terms of Reference updated to reflect the project entering its construction phase:

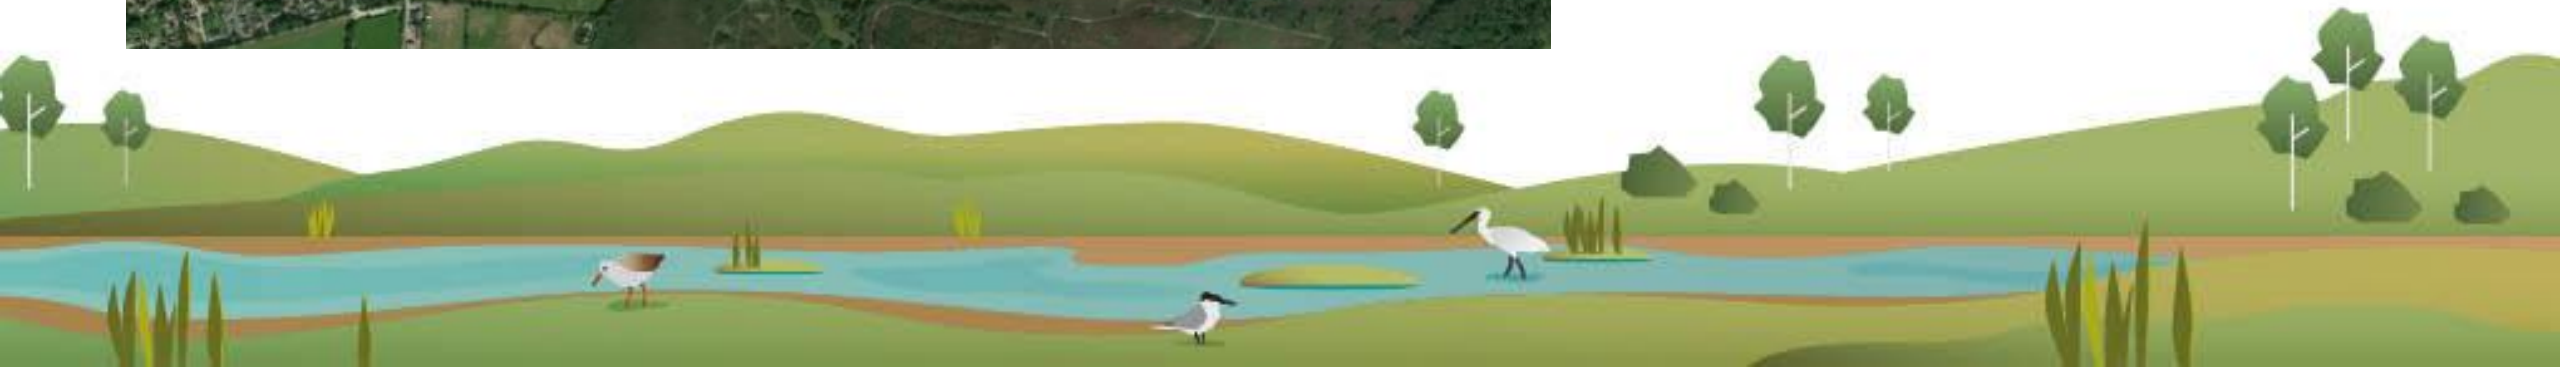

- The Group is an **advisory and information sharing** group rather than a decision-making body, and will consist of interested parties and organisations who may have an interest in the project's delivery.
- The consultation phase for the project has now concluded, the group will now be a space for an engaged audience to **hear about points of interest or development**, and will meet three times each year over the construction phase.
- Some of the aims of the group include: provision of **clarity on the Project's aims, structure, and timescale**, share updates on progress and latest findings, and **educate and share knowledge** on topics of interest related to construction. It will continue to provide a forum in which to **listen to and understand the views of stakeholders** from within the local community.
- The updated Terms of Reference will be circulated following today's meeting.

The Moors at Arne

- 13 June Marine Management Organisation issued Marine Licence
- 21 June Dorset signed off pre-commencement conditions
- 21 June Highways Licence varied to approve modified passing places plan
